

Non-Detergent Lubricating Oils

STARFIRE NON-DETERGENT (ND) LUBRICATING OILS are manufactured using highly refined base oils for increased lubrication and wear protection in operating conditions which do not require a detergent motor oil. STARFIRE Non-Detergent Lubricating Oils are recommended for light engines that call for a non-additive motor oil, compressors, circulating oils and low- pressure hydraulic systems. STARFIRE ND Lubricating Oils satisfy API SA performance.

CAUTION: This oil is rated API SA. It contains no additives. It is not suitable for use in most gasoline-powered automotive engines built after 1930. Use in modern engines may cause unsatisfactory engine performance or equipment harm.

APPLICATIONS

- Vehicles Light engines calling for non-additive motor oil
- Compressors
- Circulating Oil
- Low-pressure hydraulic systems

BENEFITS

- Special Highly refined base stocks provide superior lubrication
- Superior anti-foam control
- Wide range of application

Viscosity Grade	SAE 30
Viscosity: cSt @ 40°C	143.8
cSt@100°C	10.98
Viscosity Index	38
Flash Point, °F	429
Specific Gravity @ 60°F (15.6°C)	0.9222
Gravity, °API	21.94
